DESIGN, DEVELOPMENT & MANUFACTURE

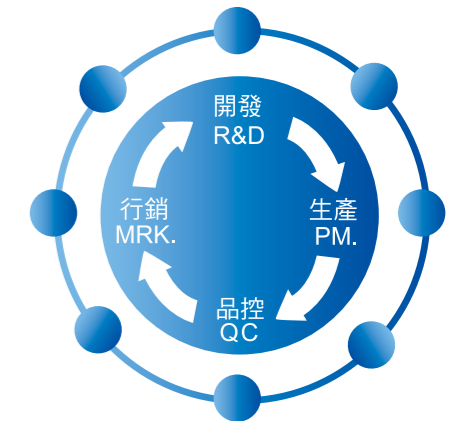

Yi-Feng have been a manufacturer and exporter of sanitary fittings and gardening accessories that require CNC precision milling for parts of solid brass, stainless steel, and aluminum since 2000. We undertook a major facilities upgrade in 2012. Our new factory is equipped with state of the art machinery in addition to a dedicated staff of skilled craftsperson. in order to reduce production cost and improve efficiency. Thus we always offer competitive price and superior quality to help our customers to get advantages in their markets.

We are dedicated to using cutting edge technology to level up quality and provide a superior product.

Our sophisticated engineering department is passionate about applying experience and research to drive development of our products. We have set the trend by using lead-free, environmentally friendly recyclable stainless steel which is hygienic and easy to maintain. Yi-Feng also focuses on contemporary stainless steel ware design that is sensitive, dynamic, aesthetic and lastly, ergonomic.

We firmly believe that honesty and confidence are the principles at our company's core. We also believe our exceptional quality will continue to improve our market share as well as satisfying our customers. We further emphasize competitive pricing and premium quality supplies to meet and exceed our clients desires.
